How assessment works

Cumulative assessment. Each exam may assess any standard developed by that point, with the greatest emphasis on the standards shown above. Be ready to decide which ideas apply and explain what your work means.

Reassessment. After each midterm, one regular 50-minute class meeting is reserved for reassessment. After receiving feedback, you may reassess one eligible standard. Stronger evidence can raise your level; weaker work will not lower it. Your instructor will announce the date after grading.

What to bring

Bring only: a photo ID, pencils or pens, and an eraser.

Do not bring or use: a calculator, notes, textbook, formula sheet, or other aid. Phones, smartwatches, headphones, and other electronic devices are not permitted in the exam room. Possession of any unapproved items in the exam room, regardless of use, will be considered academic dishonesty and treated as described in the syllabus.

More details and updates. Check the syllabus and WyoCourses for complete exam policies, grading information, reassessment details, and any schedule or location changes.

Exam locations

These rooms are for the three midterms. The final exam may be in a different room; check WyoCourses before each exam.
